ROYAL NEIGHBOR SOCIAL—The
Royal Neighbors invite their friends
to the ice-cream social at 1015-1019
South First avenue, tomorrow even-
ing.

TO TEACH SCHOOL—Miss Ruby
Shott and Miss Beryl Martin have
left for Solomonville, where they will
resume teaching, having been em-
ployed there last year in the capacity
of instructors in the local schools.

NOT AN ARREST—The police
made no arrests of any kind yester-
day, a record that has not been at-
tained previously for some time.
There were but two arrests on Sat-
urday evening, one of which was a
speeder, the other an ordinary drunk.

PARK NOT FREE—Through various
channels the report has gained
circulation that no admission would
be charged to Riverside Park today
while the Labor day exercises and
sports are going on. This is de-
clared by the management to be an
error, as the regular admission fee of
10 cents will be charged. The man-
agement further promises all who
visit the park today a most enjoy-
able time.

ANNOUNCE WEDDING—The wed-
ding of Miss Dolores Lottman and
E. Rangel is announced. The cere-
mony will take place at the Cath-
olic church at 4 o'clock this after-
noon. The ceremony will be followed
by a wedding supper at the home of
the bride's foster parents, Mr. and
Mrs. A. R. Redondo, of 732 East
Adams street. Miss Lottman is 18
years of age and Mr. Rangel 22. Both
are well known here.

HIS FIRST VACATION—P. Minor,
proprietor of the Arizona theater,
slipped away from town Saturday
evening to enjoy the cool breezes of
Long Beach and other coast resorts
for the ensuing week. Mr. Minor
preceded him some time ago and will
return with him. This is the first
time in twenty years that Mr. Minor
has taken a vacation, and before leav-
ing he announced he was going to
have the time of his young life.

ANNA JANE COMES—The highest-
stepping individual in Phoenix yester-
day was Raymond Kane. Anybody
would have known that something out
of the ordinary had happened at his
house. It was Anna, Jane the first
born and the first grand child of
George W. Kane. Anna Jane weighs
eight pounds, but it would bankrupt
the nation and the treasuries of all the
world to buy her by the pound. It
would break up the war for if the deal
were made Mr. Kane would have all
the money in the universe, and armies
cannot fight on wind.

no are centers; while in Galicia they
still hold the line on the Sereth
river.

In the western zone the heavy ar-
tillery of the allies is still bombard-
ing the German lines and doing all
the damage possible, and trying to
break the morale of the German
troops for thus far there is no in-
dication of a general offensive.

First Lord of the British Admiralty
Balfour in a letter to the press
gives official recognition to the be-
lief here that German promises to
America not to sink passenger
steamers without warning were
brought about by a realization that
the German submarine warfare had
proved a failure. He again intimat-
ed that many German submarines
have been accounted for and added
that the British mercantile tonnage
is now greater than before the war.

WOULD ASSIST BUSINESS MEN

Chamber of Commerce Try-
ing to Bring "Commerce
Reports" to the Class of
Citizens for Whom They
Are Intended

In order to bring "The Daily Com-
merce Reports" to the attention
of business men throughout the coun-
try, the department of commerce is
sending out 70,000 circulars, a copy
of which is printed below:

Attention, Sales Manager.
I should like to ask you the follow-
ing question: "Are you aware that the
United States government through this
bureau publishes a daily paper
which transmits valuable trade in-
formation concerning market conditions
in all parts of the world to American
manufacturers and merchants?"

As an American business man, you
can not afford to overlook a publica-
tion which secures information from
three hundred consular officials, lo-
cated in every part of the world,
which contains special articles pre-
pared by commercial attaches and
the department of commerce, sta-
tioned at the most important im-
ports of foreign trade, and which
gives to the American manufacturer
a daily list of firms in foreign coun-
tries anxious to buy American goods
and represent American manufacturers.
It also contains a complete daily
record of what the United States gov-
ernment wants to buy or construct.

"Commerce Reports" is a
government publication which every
American business man should read
with his morning mail. It furnishes
him with a daily summary of the
market conditions and prices of dif-
ferent lines of industry in the world's
markets, and contains notices of cur-
rent changes in the tariffs and trade-
mark laws of foreign countries. It
shows you from day to day what
your competitors in other countries
are doing.

Daily "Commerce Reports" furnishes
you with direct cable information
from American consuls and attaches,
and through its supplements, sup-
plies you with complete annual re-
views concerning the trade and in-
dustries of every country of the
world. It also gives you every morn-
ing a list of foreign "Trade Oppor-
tunities" with which you can get in
touch and which may mean specific
and immediate business for you.

Daily "Commerce Reports" mean
knowledge and additional trade for
you.

Daily "Commerce Reports" will be
delivered to your office by mail every
morning for one year for the nomi-
nal sum of \$2.50. If you are not al-
ready receiving these reports, I
strongly advise your subscription, to-
gether with money order or check to
the Superintendent of Documents,
Washington, D. C. or to the nearest
branch office of the Bureau of For-
eign and Domestic Commerce.

Yours very truly,
E. E. PRATT,
Chief of Bureau.

A PHOENIX HOME FOR HEALTH SEEKERS

New Sanatorium is the Phoenix San-
atorium

The H. A. Hughes property on North
Central Avenue, has been taken over
by Dr. Geo. H. Woodall and will here-
after be known as The Phoenix San-
atorium.

After a very successful year Dr.
Woodall has found it necessary to se-
cure more convenient and more com-
modious quarters. To this end he se-
cured a long lease with option on the
above property which at the present
time has a capacity of twenty-five pa-
tients.

Extensive improvements will be made
among which a completely equipped
laboratory will be a prominent fea-
ture.

It is the purpose of the management
to produce a cheerful and homelike en-
vironment for the "away from home
health seeker" as well as to surround
him with every known advantage for
the successful scientific treatment of
his condition.

With this object in view amuse-
ments have been provided in the form
of a recreation and reading room, bil-
liard and croquet grounds. There has
also been instituted the latest and most
approved scientific hygienic and diet-
etic regime without which there could
be small hope of improvement for the
healthseeker.

Another less important though
equally important feature is the main-
tenance of private subscription of two
free beds for worthy though unfortu-
nate individuals who have a reasonable
chance to make a recovery or an ar-
restment of their disease.

Hire a little salesman at The Re-
publican office. A Want Ad will see
more customers than you can.

ALLEN LINER TORPEDOED

(Continued from Page One)

returned with him to un-
dertake the task of navigat-
ing the badly wounded ship
to port.

The crew of three hundred say the
vessel was attacked without warning
just as darkness was falling. No sub-
marine was seen and it probably was
too dark to observe the wake of the
torpedo, but all passengers who ar-
rived at Queenstown agree on the at-
tack made by a German undersea
boat, basing their opinion on the force
of the shock and great volume of
water thrown in the air, which
dropped back on the deck, drenching
the passengers taking their afterdinner
promenade, safe in the belief they
had passed the danger zone.

About twenty were injured. The
discipline was perfect, but one
boat full which became jammed cap-
sized and those in it were thrown into
the water. In the darkness confusion
naturally prevailed, but all were
picked up and transferred to rescue
steamers which arrived in answer to
wireless calls. The Hesperian was
about 150 miles westward when struck.

Two Others Sunk
LIVERPOOL, Sept. 5.—The Danish
steamer Frede and the Norwegian bark
Glimt were sunk today by submarines.
All the crew of the latter were saved,
but some of the steamer's company are
missing. Captain Clemmensen and
eighteen of the crew were rescued.

Proceeds Under Convey
MONTREAL, Sept. 5.—The Allen line
management received cablegrams in-
forming them of the torpedoing and
saying the Hesperian was proceeding
to Queenstown under convoy.

All Safely Landed
LIVERPOOL, Sept. 5.—The company
issued the following notice:
"All passengers and the crew of the
Hesperian were safely landed at
Queenstown."

Says Carried Rifle
WASHINGTON, Sept. 5.—A cable-
gram from American consul Frost at
Queenstown, to the state department
announced the torpedoing of the Hes-
perian with loss probably of eight or
ten. He said the liner carried mounted
and visible, a 4.7 inch rifle on the stern.
The consul's report said that none
of the Americans was lost.
